WHY CHOOSE ECO-LUXE MATT BLACK?

SUSTAINABILITY FIRST

The entire ECO-LUXE range is manufactured from 100% post-consumer recycled plastic – supporting Saudi Arabia's Vision 2030 sustainability goals. The Carbon Footprint of every product is registered and actively reduced each year.

BUILT FOR HIGH TRAFFIC

Engineered for intensive commercial use in hotels, hospitals, airports, malls, restaurants and corporate facilities. Tamper-proof security keys and robust construction ensure long service life and minimal maintenance overhead.

VERSATILE DISPENSING

From liquid and foam to hydroalcoholic spray, the modular soap dispenser system adapts to any consumable without changing the unit – reducing costs and simplifying refill logistics.

CONTEMPORARY DESIGN

The deep matt black finish pairs beautifully with modern tile, marble and stone interiors. Smooth-meets-rough surface texture adds a tactile, premium feel that elevates any washroom space.

VALUES

Innovation and quality technology, respect for the environment and international projection.

Our team strives to offer the best connections and guarantees between the company and its clients, responding to the needs of each specific case.

A commitment to deliver is generated in orders and excellent after-sales service is offered to the client. To be able to guarantee all of these aspects, we take into account the best efficacy of deliveries, focused on the retail channel, generating a good relationship between clients, as well as the guarantees and specifications offered in each Diverse Supply product.

COMMITMENT

Diverse Supply is committed to delivering high-quality European-standard products through continuous innovation, reliable manufacturing, and a strong understanding of local market needs. With a focus on serving clients in the Kingdom of Saudi Arabia, we design, manufacture, and supply practical dispenser solutions that meet the requirements of different business sectors.

Following the principle "Think Globally, Act Locally," we combine European product quality with solutions tailored for the KSA market. Our goal is to provide durable, adaptable, and efficient dispenser systems designed to work effectively with a wide range of consumable options.

CLIENTS

Our main clients are manufacturers of paper and forest products, chemical manufacturers, paper converters, warehouse operators, interior design and catering companies, distributors of business materials and equipment, distributors of office materials, and communities, among others.
